THE FANNIE LOU HAMER AWARD FOR GRASSROOTS COMMUNITY DEVELOPMENT

Fannie Lou Hamer, a leader in the civil rights movement, believed in diffuse leadership—that each individual's involvement made the movement stronger. CCLF also believes that ordinary citizens have the ability to improve and lead their communities to positive change. Often, it is these individuals who are best positioned to do so.

Dr. Thabiti Cartman
*South Shore Health
Center*

The inaugural recipient of the Fannie Lou Hamer award, Dr. Thabiti Cartman, was a chiropractor in the South Shore community with an ambitious plan to help his neighborhood thrive again. His tenacity and drive in redeveloping a cornerstone neighborhood commercial building exemplify Fannie Lou Hamer's philosophy and CCLF's vision. Though he is no longer with us, the award will be accepted on his behalf tonight by his beloved wife, Carla Jean Holmes Cartman.
